Company held a "13th Five-Year" strategy seminar

2015-07-31

Recently, the company held a "13th Five-Year" strategy seminar in Beijing. Chairman and Party Secretary Liu Qitao, President Chen Fenjian, and company leaders Liu Xiangdong, Zhu Bixin, Song Hailiang and Wang Haihuai attended the meeting. Representatives of the State Council to the Group's Board of Supervisors, the company's chief engineer, assistant to the president, and principals of various departments and business divisions attended the meeting. Vice President Zhu Bixin presided over the meeting.

At the meeting, McKinsey & Company introduced CCCC's "Thirteenth Five-Year" strategic consulting situation, and put forward opinions and suggestions on the company's business development, organizational control and other aspects.

Liu Qitao pointed out that in recent years, the company has carried out in-depth thinking and active exploration on transformation and upgrading, reform and development, and has clarified the development strategy of building a "five-business CCCC" and building a world-class enterprise. He emphasized that the company's "Thirteenth Five-Year Plan" development must be based on its own development status, the background of state-owned enterprise reform and changes in the market environment. In the "Thirteenth Five-Year Plan", it will be steadily implemented to promote the sustainable development of the enterprise.

Chen Fenjian pointed out that McKinsey's strategic consulting suggestions and methodology are instructive and scientific, and are of great significance to the development of the "Thirteenth Five-Year Plan" plan of the CCCC. He emphasized that the company must fully carry forward the spirit of ownership, with a highly responsible attitude and a longer-term perspective, from the perspective of maximizing the overall interests of the group, to carry out systematic and scientific research on the company's "Thirteenth Five-Year" plan, so that the "Tenth Five-Year Plan" will be carried out systematically and scientifically. The three-five-year plan really leads the company's development.

The delegates had a full discussion on the overall strategic goals of the "13th Five-Year Plan", the implementation of the "Five Business CCCC" strategy, various business development strategies, optimization of organizational management and control, and training of core capabilities, etc. The strategic goals put forward by the Second Party Congress made suggestions.

The convening of this meeting has important guiding significance for scientifically formulating the company's "Thirteenth Five-Year" development plan, and clarifying the company's development direction and implementation path.
